Special Educational Needs

(SEN) Information Report

February 2025

Prepared by: D Pulleyn

Date Taken to Governors: 04/02/2025

Signed by: _____

Head Teacher - A Webb

Signed by: _____

Chair of Governors - Jonathan Foster

Review Date: January 2026

Dear parents and carers,

The aim of this information report is to explain how we implement our SEND policy. In other words, we want to show you how SEND support works in our school.

If you want to know more about our arrangements for SEND, read our SEND policy.

You can find it on our website

Note: If there are any terms we've used in this information report that you're unsure of, you can look them up in the Glossary at the end of the report.

1. What types of SEND does the school provide for?

Our school provides for pupils with the following needs:

AREA OF NEED	CONDITION
Communication and interaction	Autism spectrum condition
	Speech and language difficulties
Cognition and learning	Specific learning difficulties, including dyslexia, dyspraxia, dyscalculia
	Moderate learning difficulties
	Severe learning difficulties
Social, emotional and mental health	Attention deficit hyperactive disorder (ADHD)
	Attention deficit disorder (ADD)
	Emotional Based School Avoidance (EBSA)
Sensory and/or physical	Hearing impairments
	Visual impairment
	Multi-sensory impairment
	Physical impairment

2. Which staff will support my child, and what training have they had?

Our special educational needs co-ordinator, or SENCO

She is allocated 5 days a week to manage SEN provision.

Our SENCO is Debra Pulleyn.

She has 17 years experience in this role and has worked as class teacher in most year groups. She is a qualified teacher.

She achieved the National Award in Special Educational Needs Co-ordination in 2015.

She has a National diploma in Dyslexia.

She has a degree in psychology and a masters degree in Special Educational Needs

Class/subject teachers

All of our teachers receive in-house SEN training, and are supported by the SENCO to meet the needs of pupils who have SEND.

Teaching assistants (TAs)

We have a team of 26 Teaching Assistants (Tas), plus 7 Higher Level Teaching Assistants (HLTA's). We also have a hygiene assistant and a Learning Mentor.

Our teaching assistants are trained to deliver a number of group and individual interventions such as Precision Teaching and Musical interaction.

External agencies and experts

Sometimes we need extra help to offer our pupils the support that they need. Whenever necessary we will work with external support services to meet the needs of our pupils with SEN and to support their families. These include:

Speech and language therapists

Educational psychologists

Occupational therapists

GPs or paediatricians

School nurses

Future in Mind

Child and adolescent mental health services (CAMHS)

Education welfare officers

Social services and other LA-provided support services

Voluntary sector organisations

Wakefield Parent Carer forum

3. What should I do if I think my child has SEND?

Tell us about your concerns

We will invite you to a meeting to discuss them

We will decide whether your child needs SEN support

If you think your child might have SEN, the first person you should tell is your child's teacher.

You can request a meeting with your child's teacher through the planner or ringing the school office on 01937 558350.

They will pass the message on to our SENCO, Debra Pulleyn, who will be in touch to discuss your concerns.

You can also contact the SENCO directly. Ask at the office or leave a message for the SENCO to contact you.

We will meet with you to discuss your concerns and try to get a better understanding of what your child's strengths and difficulties are.

Together we will decide what outcomes to seek for your child and agree on next steps.

We will make a note of what's been discussed and add this to your child's record. You will also be given a copy of this.

If we decide that your child needs SEN support, we will formally notify you in writing and your child will be added to the school's SEND register.

4. How will the school know if my child needs SEN support?

All our class teachers are aware of SEND and are on the lookout for any pupils who aren't making the expected level of progress in their schoolwork or socially. This might include reading levels or sudden changes in their behaviour. If the teacher notices that a pupil is falling behind, they try to find out if the pupil has any gaps in their learning. If they can find a gap, they will give the pupil extra tuition to try to fill it. Pupils who don't have SEND usually make progress quickly once the gap in their learning has been filled.

If the pupil is still struggling to make the expected progress, the teacher will talk to the SENCO, and will contact you to discuss the possibility that your child has SEND.

The SENCO will observe the pupil in the classroom and in the playground to see what their strengths and difficulties are. They will have discussions with your child's teacher/s, to see if there have been any issues with, or changes in, their progress, attainment or behaviour. They will also compare your child's progress and development with their peers and available national data.

The SENCO will ask for your opinion and speak to your child to get their input as well. They may also, where appropriate, ask for the opinion of external experts such as a speech and language therapist, an educational psychologist, or a paediatrician.

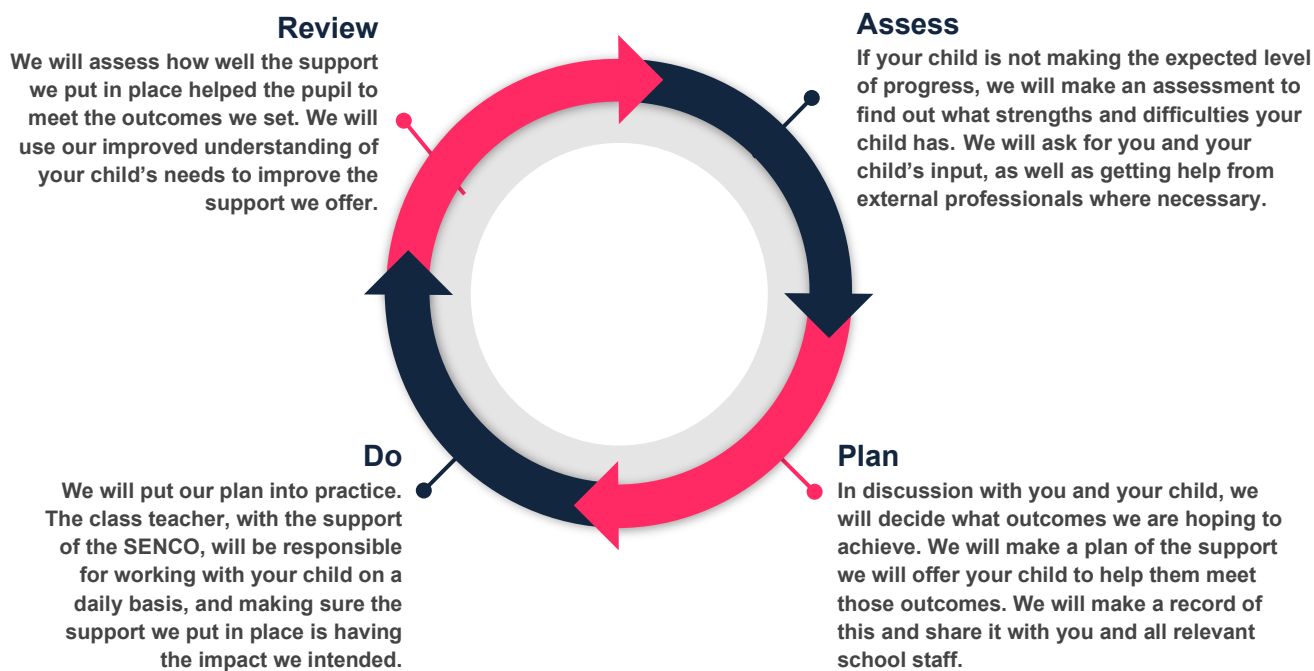

Based on all of this information, the SENCO will decide whether your child needs SEN support. You will be told the outcome of the decision.

If your child does need SEN support, their name will be added to the school's SEN register, and the SENCO will work with you to support them.

5. How will the school measure my child's progress?

We will follow the 'graduated approach' to meeting your child's SEN needs.

The graduated approach is a 4-part cycle of **assess, plan, do, review**.

As a part of the planning stage of the graduated approach, we will set outcomes that we want to see your child achieve.

Whenever we run an intervention with your child, we will assess them before the intervention begins. This is known as a 'baseline assessment'. We do this so we can see how much impact the intervention has on your child's progress.

We will track your child's progress towards the outcomes we set over time and improve our offer as we learn what your child responds to best.

This process will be continual. If the review shows a pupil has made progress, they may no longer need the additional provision made through SEN support. For others, the cycle will continue and the school's targets, strategies and provisions will be revisited and refined.

6. How will I be involved in decisions made about my child's education?

We will provide termly and annual reports on your child's progress.

Your child's class/form teacher will meet you termly and annually to:

- Set clear outcomes for your child's progress

- Review progress towards those outcomes

- Discuss the support we will put in place to help your child make that progress

- Identify what we will do, what we will ask you to do, and what we will ask your child to do

The SENCO may also attend these meetings to provide extra support.

We know that you're the expert when it comes to your child's needs and aspirations. So, we want to make sure you have a full understanding of how we're trying to meet your child's needs, so that you can provide insight into what you think would work best for your child.

We also want to hear from you as much as possible so that we can build a better picture of how the SEND support we are providing is impacting your child outside of school.

If your child's needs or aspirations change at any time, please let us know right away so we can keep our provision as relevant as possible.

After any discussion we will make a record of any outcomes, actions and support that have been agreed. This record will be shared with all relevant staff, and you will be given a copy.

If you have concerns that arise between these meetings, please contact your child's class teacher.

7. How will my child be involved in decisions made about their education?

The level of involvement will depend on your child's age, and level of competence. We recognise that no 2 children are the same, so we will decide on a case-by-case basis, with your input.

We may seek your child's views by asking them to:

Attend meetings to discuss their progress and outcomes

Prepare a presentation, written statement, video, drawing, etc.

Discuss their views with a member of staff who can act as a representative during the meeting

Complete a survey

8. How will the school adapt its teaching for my child?

Your child's teacher is responsible and accountable for the progress and development of all the pupils in their class.

High-quality teaching is our first step in responding to your child's needs. We will make sure that your child has access to a broad and balanced curriculum in every year they are at our school.

We will adapt how we teach to suit the way the pupil works best. There is no '1 size fits all' approach to adapting the curriculum, we work on a case-by case basis to make sure the adaptations we make are meaningful to your child.

These adaptations include:

Scaffolding our curriculum to make sure all pupils are able to access it, for example, by grouping, 1-to-1 work, adapting the content of the lesson, etc.

Adapting our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

Adapting our resources and staffing

Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.

Teaching assistants may support pupils on a 1-to-1 basis when there is significant need.

Teaching assistants will support pupils in small groups in order to enable access to learning.

We may also provide the following interventions:

AREA OF NEED	CONDITION	HOW WE SUPPORT THESE PUPILS
Communication and interaction	Autism spectrum condition	Visual timetables Social stories
	Speech and language difficulties	Speech and language therapy Writing slope Reading rulers Coloured overlays
Cognition and learning	Specific learning difficulties, including dyslexia, dyspraxia and dyscalculia	Reading Rulers, Coloured overlays.
	Moderate learning difficulties	
	Severe learning difficulties	
Social, emotional and mental health	ADHD, ADD	Quiet workstation, Thera bands, Fidget toys
	Adverse childhood experiences and/or mental health issues	Access to Learning Mentor Support from the Inclusion Team
Sensory and/or physical	Hearing impairment	Hearing Impairment team
	Visual impairment	Visual Impairment Team
	Multi-sensory impairment	Appropriate teams
	Physical impairment	Lift, Hoist and disabled toilet facilities

These interventions are part of our contribution to Wakefield's local offer.

9. How will the school evaluate whether the support in place is helping my child?

We will evaluate the effectiveness of provision for your child by:

- Reviewing their progress towards their goals each term
- Reviewing the impact of interventions after 6 weeks

Using pupil questionnaires

Monitoring by the SENCO

Holding an annual review (if they have an education, health and care (EHC) plan or a My Support Plan (MSP).

10. How will the school resources be secured for my child?

It may be that your child's needs mean we need to secure:

- Extra equipment or facilities
- More teaching assistant hours
- Further training for our staff
- External specialist expertise

If that's the case, we will consult with external agencies to get recommendations on what will best help your child access their learning.

The school will cover up to £6,000 of any necessary costs. If funding is needed beyond this, we will seek it from our local authority.

11. How will the school make sure my child is included in activities alongside pupils who don't have SEND?

All of our extra-curricular activities and school visits are available to all our pupils, including our before and after-school clubs. We will check with locations before visits to ensure SEND pupils can access activities.

All pupils are encouraged to go on our school trips, including our residential trips.

All pupils are encouraged to take part in school activities for example sports day/school plays/special workshops

No pupil is ever excluded from taking part in these activities because of their SEN or disability and we will make whatever reasonable adjustments are needed to make sure that they can be included.

12. How does the school make sure the admissions process is fair for pupils with SEN or a disability?

School will ask for information about prospective pupils to decide if their needs can be met. If there are places available and needs can be met a place will be offered.

13. How does the school support pupils with disabilities?

Disabled pupils are encouraged to participate in all aspects of school life and learning. We have lift and additional equipment to ensure disabled pupils can access all areas of provision.

14. How will the school support my child's mental health and emotional and social development?

We provide support for pupils to progress in their emotional and social development in the following ways:

Pupils with SEN are encouraged to be part of the school council

We provide extra pastoral support for listening to the views of pupils with SEN by providing a Learning Mentor

We have a 'zero tolerance' approach to bullying. We prevent bullying in the school by educating pupils in Personal, Social and Health education (PSHE), pupil contracts and by following up and recording reported incidents.

15. What support will be available for my child as they transition between classes or settings or in preparing for adulthood?

Between years

To help pupils with SEND be prepared for a new school year we:

Ask both the current teacher and the next year's teacher to attend final meeting of the year when the pupil's SEN is discussed

Pupils have a transition day working in their new class towards the end of the school year.

Additional visits with new teacher can be arranged as needed.

Between schools

The SENCO of the secondary school will come into our school for a meeting with our SENCO. They will discuss the needs of all the children who are receiving SEN support.

Pupils will be prepared for the transition by:

Learning how to get organised independently

Plugging any gaps in knowledge

Arranged transition visits and days in the new school.

16. What support is in place for looked-after and previously looked-after children with SEN?

Mr Mulroy will work with Mrs Pulleyn, our SENCO, to make sure that all teachers understand how a looked-after or previously looked-after pupil's circumstances and their SEN might interact, and what the implications are for teaching and learning.

Children who are looked-after or previously looked-after will be supported much in the same way as any other child who has SEND. However, looked-after pupils will also have a personal education plan (PEP). We will make sure that the PEP and any SEN support plans or EHC plans are consistent and complement one another.

17. What should I do if I have a complaint about my child's SEN support?

Complaints about SEN provision in our school should be made to the class teacher, SENCO or headteacher in the first instance. They will then be referred to the school's complaints policy.

If you are not satisfied with the school's response, you can escalate the complaint. In some circumstances, this right also applies to the pupil themselves.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the [SEN Code of Practice](#).

If you feel that our school discriminated against your child because of their SEND, you have the right to make a discrimination claim to the first-tier SEND tribunal. To find out how to make such a claim, you should visit: <https://www.gov.uk/complain-about-school/disability-discrimination>

You can make a claim about alleged discrimination regarding:

Admission

Exclusion

Provision of education and associated services

Making reasonable adjustments, including the provision of auxiliary aids and services

Before going to a SEND tribunal, you can go through processes called disagreement resolution or mediation, where you try to resolve your disagreement before it reaches the tribunal.

18. What support is available for me and my family?

If you have questions about SEND, or are struggling to cope, please get in touch to let us know. We want to support you, your child and your family.

To see what support is available to you locally, have a look at Wakefield's local offer.

Our local special educational needs and disabilities information advice and support services (SENDIASS) organisations are WISENDSS (Wakefield Inclusion, Special Educational Needs Support Service)

National charities that offer information and support to families of children with SEND are:

[IPSEA](#)

[SEND family support](#)

[NSPCC](#)

19. Glossary

Access arrangements – special arrangements to allow pupils with SEND to access assessments or exams

Annual review – an annual meeting to review the provision in a pupil's EHC plan

Area of need – the 4 areas of need describe different types of needs a pupil with SEND can have. The 4 areas are communication and interaction; cognition and learning; physical and/or sensory; and social, emotional and mental health needs.

CAMHS – child and adolescent mental health services

Adaptive Teaching – when teachers adapt how they teach in response to a pupil's needs

EHC needs assessment – the needs assessment is the first step on the way to securing an EHC plan. The local authority will do an assessment to decide whether a child needs an EHC plan.

EHC plan – an education, health and care plan is a legally-binding document that sets out a child's needs and the provision that will be put in place to meet their needs.

First-tier tribunal/SEND tribunal – a court where you can appeal against the local authority's decisions about EHC needs assessments or plans and against discrimination by a school or local authority due to SEND

Graduated approach – an approach to providing SEN support in which the school provides support in successive cycles of assessing the pupil's needs, planning the provision, implementing the plan, and reviewing the impact of the action on the pupil

Intervention – a short-term, targeted approach to teaching a pupil with a specific outcome in mind

Local offer – information provided by the local authority which explains what services and support are on offer for pupils with SEN in the local area

Outcome – target for improvement for pupils with SEND. These targets don't necessarily have to be related to academic attainment

Reasonable adjustments – changes that the school must make to remove or reduce any disadvantages caused by a child's disability

SENCO – the special educational needs co-ordinator

SEN – special educational needs

SEND – special educational needs and disabilities

SEND Code of Practice – the statutory guidance that schools must follow to support children with SEND

SEN information report – a report that schools must publish on their website, that explains how the school supports pupils with SEN

SEN support – special educational provision which meets the needs of pupils with SEN

Transition – when a pupil moves between years, phases, schools or institutions or life stage
