- Remissions policy (if separate to the charging policy)

Area	Summary of Strengths	Aspects to Develop
1. Teaching and learning	Music Lead teaches all lessons. Lead follows carefully planned curriculum.	
2. Instrumental and whole class instrumental tuition	Each class has the opportunity to learn an instrument – Chime Bars, Glockenspiel, Ukulele.	More range of instruments – Ocarina, recorders – Need to sort out disinfecting/cleaning.
3 Vocal Provision	Every class has the opportunity to sing in each lesson. Children learn how to warm up their voice safely and how to listen to the music to stay in tune. Children have opportunities to perform for their School and Parents in different concerts throughout the year.	More outside performances? Carolling/care home/Charity sings?

Objectives 2023/24

These are the headlines for things you want to do and achieve this year which will move Music at your school towards your vision. Examples are shaded grey. Do not even think of including an objective for every 'Area for Development' comment. Perhaps 3-5 impactful objectives would be plenty. The vision should be something you work towards over several years and you must be fair to yourself when creating these objectives. What can you really achieve in a year on top of everything else you have to do?

1. Take Year 5 to Young Voices
2. Establish a Keyboard Club
3. Teach Recorders to Year 3
4. Work towards the Artsmark award.
5. Objective?

Action Plan

Actions here should mostly contribute to your objectives for the year and, of course, there may be more than one action needed to achieve one objective (or one action may contribute to several objectives).
